Finance

With a welcome increase in Arts Council funding for 2016 after years of reduced or standstill funding, the organisation was in a better position to deliver its full range of services to members. However, income in this year was considerably reduced due to a significant fee generating research project,

DIRECTORS' REPORT

outside of the programme of activities for members, being a one-off in 2015. However, expenditure on Membership, Training, Events and Research was considerably more reduced. Other significant factors resulting in 2016 income exceeding expenditure included effective budgetary controls on all expenditure. Theatre Forum continues a sound financial footing, by seeking value for money on all expenditure as well as looking to increase earned income. This will allow the company to consolidate its activities as well as enable its evolution and expansion of its programme in line with members' needs.

Membership and Earned Income	129,022	190,259
Total Income	277,999	321,209
Expenditure	272,190	321,199
Net Income	5,809	10

At the year end the company had assets of \in 44,064(2015: \in 26,285) and liabilities of \in (40,844) (2015: \in (28,874)). The net funds of the company have increased by \in 5,809 (2015: \in 10). However, of the net funds at 31st December 2016 of \in 3,220, \in 4,555 of this attributable to restricted funds.

Principal Risks and Uncertainties

The main financial risk identified by the company would be the dramatic reduction or cessation of grant income from its principal funder, the Arts Council. To mitigate this risk, the company pays attention to all policy and strategy changes likely to impact on it, its members and the sector.

The directors are aware of this and other risks to which the company is exposed, especially those related to the finances and operation of the organisation, and are satisfied that there is an awareness of and systems are in place to manage exposure to identified risks.

Investment Powers and Policy

In accordance with the company's objectives set out in the Constitution the company has the power to invest in any way the directors wish.

Reserves Policy

The organisation is committed to budgetary efficiency with the intention of breaking even or generating a modest surplus. While finishing a third financial year in a row with a very modest surplus, cash reserves are restricted funds and not sufficient for any cash reserve to be put in place in 2016. However, this is still an aim for 2017 to 2019.

Operations

An ongoing operational risk is a reduction in the number of established companies and organisations in the performing arts sector combined with an increase in freelance roles and project teams. This reduces Theatre Forum's potential membership base and its subscription income. In 2016, Theatre Forum maintained member numbers in its largest and very valuable venue membership category but there were very small drops in the number of members in other categories, particularly the Individual membership one. Recruiting lapsed and new members in all organisation categories in addition to individual members, will continue to be important for the organisation to remain a representative one.

This report is made solely to the company's members, as a body, in accordance with section 391 of the Companies Act 2014. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the directors; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the directors' report to identify material inconsistencies with the audited financial statements. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

In our opinion the financial statements:

- give a true and fair view of the assets, liabilities and financial position of the company as at 31st December 2016 and of its surplus for the financial year then ended; and

NOTES ON THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31ST DECEMBER 2016

1. Statement of Accounting Policies

Theatre Forum Company Limited by Guarantee is a public benefit entity incorporated in Ireland with a registered office at Festival House, 12 Essex Street East, Temple Bar, Dublin 2.

The following accounting policies have been applied consistently in dealing with items that are considered material to the company's financial statements.

1.1 Basis of Preparation

The financial statements have been prepared in accordance with the Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS102) (effective 1st January 2015) – (Charities SORP (FRS102)), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS102) and with generally accepted accounting principles in Ireland and Irish Statute comprising the Companies Act 2014.

The financial statements are prepared on a going concern basis, under the historical cost convention, and comply with the financial reporting standards of the Financial Reporting Council, as promulgated by Chartered Accountants Ireland

The financial statements are prepared in Euro which is the functional currency of the company.

1.2 Income

Income is recognised when the charity has entitlement to the funds, any performance conditions attached to the item(s) of income have been met, it is probable that the income will be received and the amount can be measured reliably.

Income from government and other grants, whether 'capital' grants or 'revenue' grants, is recognised when the charity has entitlement to the funds, any performance conditions attached to the grants have been met, it is probable that the income will be received and the amount can be measured reliably and is not deferred.

1.3 Donated Services and Facilities

Donated professional services and donated facilities are recognised as income when the charity has control over the item, any conditions associated with the donated item have been met, the receipt of economic benefit from the use by the charity of the item is probable and that economic benefit can be measured reliably.

On receipt, donated professional services and donated facilities are recognised on the basis of the value of the gift to the charity which is the amount the charity would have been willing to pay to obtain services or facilities of equivalent economic benefit on the open market; a corresponding amount is then recognised in expenditure in the period of receipt.

1.4 Interest Receivable

Interest on funds held on deposit is included when receivable and the amount can be measured reliably by the charity; this is normally upon notification of the interest paid or payable by the Bank.

1.5 Fund Accounting

Unrestricted funds are available to spend on activities that further any of the purposes of the charity. Restricted funds are donations which the donor has specified are to be solely used for particular areas of the company's work or for specific projects being undertaken by the company.

NOTES ON THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31ST DECEMBER 2016

1.6 Expenditure

Expenditure is recognised once there is a legal or constructive obligation to make a payment to a third party, it is probable that settlement will be required and the amount of the obligation can be measured reliably. Expenditure is classified under the following activity headings:

- Costs of raising funds comprise the costs of publicity and marketing and their associated support costs.
- Expenditure on charitable activities includes the costs of membership, training, events and research
 costs and their associated support costs.
- Other expenditure represents those items not falling into any other heading.

1.7 Allocation of Support Costs

Support costs are those functions that assist the work of the charity but do not directly undertake charitable activities. Support costs are analysed between cost of raising funds and expenditure on charitable activities. Where costs cannot be directly attributed, they are allocated in proportion to the benefits received. Salaries and associated costs which can be attributed to specific projects are charged accordingly.

1.8 Tangible Fixed Assets and Depreciation

Tangible fixed assets are stated at cost, less accumulated depreciation. Depreciation is calculated to write off the cost of fixed assets over their useful lives at the following annual rates:

Fixtures, Fittings & Equipment -20% per annum on the straight-line basis.

The carrying values of tangible fixed assets are reviewed annually for impairment in periods if events or changes in circumstances indicate the carrying amount may not be recoverable.

1.9 Debtors

Trade and other debtors are recognised at the settlement amount due after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due.

1.10 Cash at Bank and in Hand

Cash at bank and cash in hand includes cash with a short maturity of three months or less from the date of acquisition or opening of the deposit of similar account.

1.11 Creditors and Provisions

Creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are normally recognised at their settlement amount after allowing for any trade discounts due.

1.12 Pensions

Retirement benefits are met by payments to a defined contribution pension fund. Contributions payable to the pension scheme are charged to the statement of financial activities as they fall due. The assets are held separately from those of the company in an independently administered fund. Differences between the amount charged in the statement of financial activity and payments made to the pension fund are treated as assets or liabilities.

NOTES ON THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31ST DECEMBER 2016

1.13 Critical Accounting Judgements and Estimates

The preparation of these financial statements requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses.

Judgements and estimates are continually evaluated and are based on historical experiences and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The company makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

(a) Establishing useful economic lives for depreciation purposes of property, plant and equipment Long lived assets, consisting primarily of, fixtures, fittings and equipment, comprise a significant portion of total assets. The annual depreciation charge depends primarily on the estimated useful economic lives of each type of asset and estimates of residual value. The directors regularly review these asset useful economic lives and change them as necessary to reflect current thinking on remaining lives in light of prospective economic utilisation and physical condition of the assets concerned. Changes in asset useful lives can have a significant impact on depreciation and amortisation charges for the period. Detail of the useful economic lives is included in the accounting policies.

The charity operates an externally funded defined contribution scheme that covers substantially an employee of the charity. The assets of the scheme are vested in independent trustees for the sole benefit of the employees.

The defined contribution scheme charge for 2016 was $\[mathcal{\in}\]2,000$ (2015: $\[mathcal{\in}\]2,000$). Pension costs which are attributable to a particular activity are allocated directly to that activity. Where pension costs are incurred to further more than one activity they are apportioned between the relevant activities based on the amount of staff time which each activity absorbs. Defined contribution pension costs are paid from unrestricted funds.
